D. HILL NURSERY CO.

DUNDEE, ILLINOIS

December 1958

GOOD MORNING

The Fall selling (and planting) season is pretty much a shadow -- almost gone, and in our part of the country Dundee.... we're soon to see the snow falling.

Rather quickly, the Nurseryman's thinking and planning begins to focus on Spring, and its new opportunities for selling the products of his trade. For the nurseryman-grower it means a new cycle of cultivation, new plantings -- to have the products to sell in future years.

Yours and ours is a booming, getting-bigger business! More new home start-ups than ever before, and every new residence a "windfall" for landscape work and evergreen plantings.

A good questionare you getting your share of this business!

Perhaps, also, another good question are you readying yourself for Spring activity, next Spring's business!

Check our "GET-MORE" propositions. They cannot be beat -- considering QUALITY, grade-size.

If you're skeptical, hesitant -- ask us to send you a sample (or two). Gladly do so. Nothing so convincing as the "real thing".

Check our Balled and Burlapped listings. We think (and outrightedly say) that dollar-for-dollar, you cannot buy finer Evergreens. Our 103-year reputation is quality, and we uphold that reputation with real pride!

TRY US! You'll be pleased. We pledge.

Cordially yours,

D. HILL NURSERY COMPANY

PLANTAINER STOCK

Small-quantity orders for PLANTAINER-grown material (trial, get-acquainted shipments) may be transported in special designed cartons, in multiples of 6/1 gallon. Approximate shipping weight 45 lb. (Charge for this special carton . . . \$1.)

Minimum truckload . . . 1000/1 gallon Plantainers

Please note the NEW, progressive pricing on most Plantainer-grown items. This approach recognizes the circumstance that cultural care and other plant-growing expenses (in total) are cumulative (approximately 5¢ per month on 1-gallon sizes) with each passing month.

By pricing in relation to age and growth of the plant, we pass along to you every benefit of lowest pricing possible.

PLEASE NOTE THAT THE MONTH IN WHICH SHIPMENT IS ACTUALLY MADE DETERMINES THE PRICING TO APPLY.

PRICE IS DETERMINED BY MONTH IN WHICH SHIPMENT OCCURS:
